## TO ORGANIZE DEMOCRATS' **ADVISOR UNIT**

WASHINGTON (A) - The Democratic Advisory Committee set up to advance a party program between elections holds its first session today with a slim attendance in prospect.

However, three of the party's top figures - former President Harry S. Truman, Adlai E. Stevenson and Mrs. Franklin D. Roosevelt - are to be on hand. Stevenson yesterday aimed a shaft at his party's congressional leaders who largely are boycotting the advisory group.

He said "To be an effective opposition, the Democratic party must have a broader base than the Democrats in Congress," add-

"We can't be an effective opposition party just every four years for a couple of months." Truman, arriving in Washington

last night, declined comment. Nine of the 11 senators and representatives named to the advisory committee by Democratic National Chairman Paul A. Butler EGYPTIANS ARE have indicated they will not serve. a national committee aide said.

Many of these are understood to feel that it is up to them to develop the Democratic program and make the party's record. Senate Majority Leader Lyndon

People were indifferent and the young Bureau of Investigation was understaffed and untrained. Army intelligence consisted of two officers and two clerks.

But when World War II came around, the FBI was ready and waiting. Enemy aliens were quickly rounded up, this country's war production was kept at full speed.

How the FBI did it is told in Don Whitehead's new book, The FBI Story.

The good thing about this is that Dan and Betty and those other youngsters too are here, in Church, because they want to be!

No one made them come. No one told them that they had to. No one threatened punishment if they didn't.

Though outside it is a bright sunny day and the woods and fields and streams beckon, they are here, in God's house, at prayer.

They'd like the country and the world to know that despite all this alarming "juvenile delinquency" there are good teen-agers too.

There are teen-agers who have been instructed in the Christian way of life, and who have discovered what the Church can mean to them.

## THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Lesson

By H. R. and M. C. Gold

WISE MEN SEEK JESUS

Matthew 2:1-12 Key Verse: They fell down and

worshipped him. Then, opening their

treasures, they offered him gifts,

gold and frankincense and myrrh.

The opening quarter's lessons for

1957 consist of a study of the

Gospel of Matthew. The first lesson is most appropriate for the season-

the narrative of the Wise Men from

the East who came to worship and

offer gifts to the new-born King.

Before exploring this manifesta-

tion of homage, it is well to discuss

the author of the first Gospel

and his main purpose in writing it.

Matthew was a disciple of Jesus

and was also called Levi. He was a

Jew but a tax collector in the employ

of Herod and, as such, was despised.

His office or station was located at

Capernaum on the ggreat com-

mercial highway between Damacsus

and the Mediterranean. In his

Gospel he humbly refers to himself

primarily to confirm Jewish Christi-

ans in their belief that Jesus of

Nazareth was the Messiah long

foretold by the phophets and ex-

pected by his nation. There are

many references to the Old Testa-

ment, the genealogy of Jesus is

traced back to Abraham through

the line of David, and frequent use

of the title Son of David is used.

The Gospel has first place because

it is the longest of the Gospels and

it is related more closely to the

Old Testament. The events recorded

in this account are substantially

the same as those in Mark and

The news of Jesus' birth was an-

nounced first to humble shepherds

near Bethlehem and they sought

Him at once. But the advent of a

Messian, a future king of the Jews,

had long been noted and expected by learned men of the Orient. These

so-called "wise men" or "magi"

were astrologers whose business it

was to follow the unusual and usual

manifestations in the heavens They

were scholarly men who probably

were well acqainted with Jewish

history and prophecy. Daniel, proph-

et of the exile who lived at Babylon,

had forecast almost the exact time

of the Messiah's birth. The Chaldeans and Babylonians had keen

philosophers and seers who studied

cause of their high rank, they

created quite a stir in Jerusalem,

Led To Bethlehem

Continuing to follow this unusual

star, they were led to Bethlehem.

Their arrival probably occurred

sometime between 40 days after

Jesus' birth and two years. The

homage of these high-ranking men

proves that men of all classes and

conditions were seeking Emmanuel

the holy Son of God. And through

their rich gifts of gold, frankincense

and myrrh the humble, poor parents

of the Christ Child were provided

with the means of fleeing into Egypt

to escape the vengeful jealousy and

hostility of the wicked Herod. An

angel had warned the Wise Men not

Scientists have an emplanation

for the appearance of the huge star

in the heavens about the time of

Jesus' birth; it was the conjunction

of two planets in our solar system.

But the way in which the star

guided the sages from the East was

divinely planned. It was another

supernatural evidence of God's hand

guiding the world to a knowledge

of Christ and His Gospel of love

and salvation. The visit of the Wise

Men was a symbol that the coming

of Christ was as important to the

Gentile world as to the Hebrews.

## DOWN THE DRAIN . . . .

"Down The Drain" often sadly describes the money that disappears so completely between one payday and another. Best time to put a quick STOP to this "disappearing act" is at the START. Before you do anything else with the money in your pay envelope, make a deposit in your savings account here. The dollars you save in the beginning can't go "down the drain" in the end.

The time to open a savings account is now!

# Higher Interest Rates

# On Savings Accounts and Time Certificates of Deposit

By appropriate action of the Board of Directors of The First National Bank of Gettysburg, taken on December 18, 1956, the rate of interest on Savings Accounts and Time Certificates of Deposit was increased to two and one-half per cent (21/2 %) per annum, subject to the provisions of Regulation "Q," Federal Reserve Act, effective January 1, 1957, on Savings Accounts and on Time Certificates of Deposit at their first maturity date.

The increase in interest rates on the several forms of Time Deposits permitted by recent action of the Federal Reserve Board applicable to Member Banks, was not and could not lawfully become effective for commercial banks in Pennsylvania until and only to such extent as approved by the Secretary of Banking for the Commonwealth of Pennsylvania. Announcement by the Secretary of Banking for the Commonwealth of Pennsylvania, maintaining 21/2 % per annum as the maximum rate of interest that may be paid by commercial banks in Pennsylvania on Savings Accounts and Time Certificates of Deposit, has just been made.

We are pleased to announce to our host of patrons and friends that we will pay

INTEREST AT THE RATE OF 21/2% PER ANNUM ON SAV-INGS ACCOUNTS, EFFECTIVE JANUARY 1, 1957, AND ON TIME CERTIFICATES OF DEPOSIT, EFFECTIVE AT THEIR FIRST MATURITY DATE, SUBJECT TO THE PROVISIONS OF REGULATION "Q," FEDERAL RESERVE ACT.

As we approach our 100th anniversary in April of this year, we gratefully express our true gratitude for the patronage and support which you have given us.
